- Loose Leaf paper Constant Supply
- Notebooks One Notebook per subject
- Note Cards 1 package of 3x5
- Pens Constant supply of blue, black, and at least 1 red
- Pencils Constant supply
- Ruler

● Math classes require a graphing calculator for Algebra 2 courses and higher (TI 83 or 84 series recommended). For Algebra 1 and Geometry, at least a scientific calculator is required (TI 30X IIS recommended), but a graphing calculator could be used all four years of high school.

This list is just a general high school supply list, folders or other organizational items are at the student's discretion.

Please understand other items may be requested by a teacher for a certain class the first week of class.

Students may want to purchase magnets or sticky tack for their lockers as using tape either inside or outside of the lockers isn't allowed.

Please note that there may be additional supply requests by new teachers.

Donations of hand sanitizer and anti-bacterial wipes would be appreciated. Thank you.
